Based on that assessment, we have concluded that our internal control over financial reporting was effective as of December 31, 2022. Management excluded from its assessment the internal control over financial reporting for DentaQuest, acquired on June 1, 2022, whose total assets, net assets, revenues and net income constitute approximately 1%, 9%, 9% and 2%, respectively, of our Annual Consolidated Financial Statement amounts as of and for the year ended December 31, 2022.

Our internal control over financial reporting, as of December 31, 2022, has been audited by the Company’s external auditor, Deloitte LLP, Independent Registered Public Accounting Firm, who also audited our Annual Consolidated Financial Statements for the year ended December 31, 2022. As stated in the Report of Independent Registered Public Accounting Firm, they have expressed an unqualified opinion on our internal control over financial reporting as of December 31, 2022.

Changes in Internal Control over Financial Reporting

No changes were made in our internal control over financial reporting for the period which began on January 1, 2022 and ended December 31, 2022 that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

As described above, we excluded an assessment of the internal control over financial reporting of DentaQuest, acquired on June 1, 2022, from the assessment of our internal control over financial reporting as at December 31, 2022. We continue to integrate DentaQuest into our existing internal control over financial reporting, which may require modifications and additions as a result of this integration in future periods.

We will require modifications and additions to our existing internal control over financial reporting as a result of the adoption of IFRS 17 and IFRS 9, effective for periods beginning on or after January 1, 2023. The necessary technology and modifications implemented to our actuarial and accounting processes to comply with requirements under IFRS 17 and IFRS 9 significantly impact our internal controls over financial reporting.

For transition opening balances as at January 1, 2022 and for the year ended December 31, 2022, we have reviewed the governance framework and controls over the following implementation-related activities:

- Process of adopting new accounting policies and its impact on stakeholders;
- Reconciliation between the January 1, 2022 opening balances prior to and after the adoption of IFRS 17 and IFRS 9;
- Parallel-reporting processes for the 2022 reporting periods on an IFRS 17 and IFRS 9 basis; and
- The implementation of new systems and automated processes.

Going forward into 2023, we expect to modify and add to our internal controls over financial reporting as follows:

- Modify our risk assessment to fully address the impact of IFRS 17 and IFRS 9 requirements and their associated risks; and
- Implement controls over new or modified processes that address risks associated with the implementation of IFRS 17 and IFRS 9, including those related to the use of new technology.

N. Legal and Regulatory Proceedings

Information concerning legal and regulatory matters is provided in our Annual Consolidated Financial Statements and the AIF, in each case for the year ended December 31, 2022.

O. Forward-looking Statements

From time to time, the Company makes written or oral forward-looking statements within the meaning of certain securities laws, including the “safe harbour” provisions of the United States Private Securities Litigation Reform Act of 1995 and applicable Canadian securities legislation. Forward-looking statements contained in this document include statements (i) relating to our strategies; (ii) relating to our intention to divest Sun Life UK; (iii) relating to the distribution of our products under our bancassurance partnership in Hong Kong with Dah Sing Bank; (iv) relating to the expected impacts of the adoption of IFRS 17 and IFRS 9; (v) relating to our growth initiatives and other business objectives; (vi) relating to our targets and commitments (including with respect to our sustainability plan and net zero emissions); (vii) relating to the plans we have implemented in response to the COVID-19 pandemic and related economic conditions and their impact on the Company; (viii) relating to our expected tax range for future years; (ix) set out in this document under the heading J - Risk Management - Market Risk Sensitivities - Interest Rate Sensitivities; (x) that are predictive in nature or that depend upon or refer to future events or conditions; and (xi) that include words such as “achieve”, “aim”, “ambition”, “anticipate”, “aspiration”, “assumption”, “believe”, “could”, “estimate”, “expect”, “goal”, “initiatives”, “intend”, “may”, “objective”, “outlook”, “plan”, “project”, “seek”, “should”, “strategy”, “strive”, “target”, “will”, and similar expressions. Forward-looking statements include the information concerning our possible or assumed future results of operations. These statements represent our current expectations, estimates, and projections regarding future events and are not historical facts, and remain subject to change, particularly in light of the ongoing and developing COVID-19 pandemic and its impact on the global economy and its uncertain impact on our business.

Forward-looking statements are not a guarantee of future performance and involve risks and uncertainties that are difficult to predict. Future results and shareholder value may differ materially from those expressed in these forward-looking statements. In addition, as Sun Life works to advance its climate goals, external factors outside of Sun Life’s reasonable control may act as constraints on their achievement, including varying decarbonization efforts across economies, the need for thoughtful climate policies around the world, more and better data, reasonably supported methodologies, technological advancements, the evolution of consumer behaviour, the challenges of balancing interim emissions goals with an orderly and just transition, and other significant considerations such as legal and regulatory obligations. Other factors that may cause actual results and shareholder value to differ materially from those expressed in the forward-looking statements include the impact of the COVID-19 pandemic and related economic conditions on our operations, liquidity, financial conditions or results and the matters set out in this document under the headings D - Profitability - 5 - Income taxes, F - Financial Strength and J - Risk Management and in SLF Inc.’s 2022 AIF under the heading Risk Factors,
and the factors detailed in SLF Inc.’s other filings with Canadian and U.S. securities regulators, which are available for review at www.sedar.com and www.sec.gov, respectively.

Medium-Term Financial Objectives
The Company’s medium-term financial objectives set out in B - Overview - 2 - Financial Objectives are forward-looking non-IFRS financial measures. Our ability to achieve those objectives is dependent on our success in achieving growth initiatives and business objectives and on certain key assumptions that include: (i) no significant changes in the level of interest rates; (ii) average total equity market return of approximately 8-10% per annum; (iii) credit experience in line with best estimate actuarial assumptions; (iv) no significant changes in the level of our regulatory capital requirements; (v) no significant changes to our effective tax rate; (vi) no significant increase in the number of shares outstanding; (vii) other key assumptions include: no material changes to our hedging program, hedging costs that are consistent with our best estimate assumptions, no material assumption changes including updates to the economic scenario generator and no material accounting standard changes; and (viii) our best estimate actuarial assumptions used in determining our insurance and investment contract liabilities. Our underlying ROE is dependent upon capital and options for deployment of excess capital. Our medium-term financial objectives do not reflect the indirect effects of interest rate and equity market movements including the potential impacts on goodwill or the current valuation allowance on deferred tax assets as well as other items that may be non-operational in nature.

Our target dividend payout ratio of 40%-50% of our underlying net income assumes that economic conditions and our results will enable us to maintain our payout ratio in the target range, while maintaining a strong capital position. The declaration, amount and payment of dividends is subject to the approval of SLF Inc.’s Board of Directors and our compliance with the capital requirements in the Insurance Companies Act (Canada). Additional information on dividends is provided in the section I - Capital and Liquidity Management - 3 - Shareholder Dividends in this MD&A.

Although considered reasonable by the Company, we may not be able to achieve our medium-term financial objectives as the assumptions on which these objectives were based may prove to be inaccurate. Accordingly, our actual results could differ materially from our medium-term financial objectives as described in the section B - Overview - 2 - Financial Objectives in this MD&A. Our medium-term financial objectives do not constitute guidance.

Risk Factors
Important risk factors that could cause our assumptions and estimates, and expectations and projections to be inaccurate and our actual results or events to differ materially from those expressed in or implied by the forward-looking statements contained in this document, are set out below. The realization of our forward-looking statements, essentially depends on our business performance which, in turn, is subject to many risks. Factors that could cause actual results to differ materially from expectations include, but are not limited to: market risks - related to the performance of equity markets; changes or volatility in interest rates or credit spreads or swap spreads; real estate investments; fluctuations in foreign currency exchange rates; and inflation; insurance risks - related to policyholder behaviour; mortality experience, morbidity experience and longevity; product design and pricing; the impact of higher-than-expected future expenses; and the availability, cost and effectiveness of reinsurance; credit risks - related to issuers of securities held in our investment portfolio, debtors, structured securities, reinsurers, counterparties, other financial institutions and other entities; business and strategic risks - related to global economic and political conditions; the design and implementation of business strategies; changes in distribution channels or Client behaviour including risks relating to market conduct by intermediaries and agents; the impact of competition; the performance of our investments and investment portfolios managed for Clients such as segregated and mutual funds; shifts in investing trends and Client preference towards products that differ from our investment products and strategies; changes in the legal or regulatory environment, including capital requirements and tax laws; the environment, environmental laws and regulations; operational risks - related to breaches or failure of information system security and privacy, including cyber-attacks; our ability to attract and retain employees; legal, regulatory compliance and market conduct, including the impact of regulatory inquiries and investigations; the execution and integration of mergers, acquisitions, strategic investments and divestitures; our information technology infrastructure; a failure of information systems and Internet-enabled technology; dependence on third-party relationships, including outsourcing arrangements; business continuity; model errors; information management; liquidity risks - the possibility that we will not be able to fund all cash outflow commitments as they fall due; and other risks - COVID-19 matters, including its impact on the global economy, and its impact on Sun Life’s business, financial condition and or results; risks associated with IFRS 17 Insurance Contracts and IFRS 9 Financial Instruments; our international operations, including our joint ventures; market conditions that affect our capital position or ability to raise capital; downgrades in financial strength or credit ratings; and tax matters, including estimates and judgements used in calculating taxes.

The following risk factors are related to our intention to divest Sun Life UK that could have a material adverse effect on our forward-looking statements: (1) the ability of the parties to complete the transaction; (2) the failure of the parties to obtain necessary consents and approvals or to otherwise satisfy the conditions to the completion of the transaction in a timely manner, or at all; (3) our ability to realize the financial and strategic benefits of the transaction; and (4) the impact of the announcement of the transaction and the dedication of our resources to completing the transaction. Each of these risks could have an impact on our business relationships (including with future and prospective employees, Clients, distributors and partners) and could have a material adverse effect on our current and future operations, financial conditions and prospects.

The Company does not undertake any obligation to update or revise its forward-looking statements to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events, except as required by law.
