## The Sun Life story

---

- A **diversified business model**, with four well-positioned business groups, focused on creating value and positively **impacting our Clients**, employees and shareholders
- Portfolio of businesses that have **strong growth prospects** and **capital generation** in attractive global markets
- Strategy is underpinned by a continued commitment to **strong financial discipline** and risk management
- We have an **omni-channel approach to distribution**, making it easier for Clients to do business with us across all markets
- We are operating like a **digital company** to drive leading experiences and capabilities
- **Purpose-driven people and culture** to help us deliver on our strategy through BOLDER behaviours and effective decision-making
- Our **trusted brand** informs the differentiated Sun Life experiences we create, the products and service experiences we deliver, and the culture we live by

## Leveraging global trends

---

- Individual and employer attention on **physical and mental health**
- **Demographic shifts** in developed markets
- Increased economic, market and geopolitical **volatility**
- Gig economy and shift in **nature of work**
- **Digital** acceleration
- Adoption of **digital health technologies**
- Growth of **alternative asset classes**
- Increasing competition from **new market entrants**

# Executing on our ambition to be the best Asset Management and Insurance company in the world

Our Purpose: Help Clients achieve lifetime financial security and live healthier lives

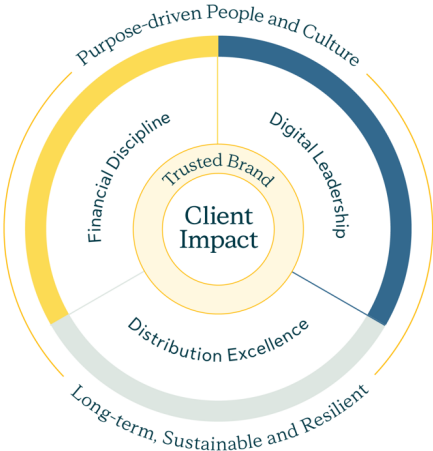

Our Values: Caring, Authentic, Bold, Inspiring, Impactful

## Four Pillars

## Client Impact

## Strategic Imperatives

- AM** A global leader in asset management
- CAN** A leader in health, wealth and insurance
- US** A leader in health and benefits
- ASIA** A regional leader focused on fast-growing markets

- 01** Scale a leading global **asset and wealth management platform**
- 02** Accelerate our momentum in **Asia**
- 03** Navigate and grow in **U.S. health and benefits**
- 04** Operate as a **digital** company to drive business and Client outcomes

Our Ambition: To be the best Asset Management and Insurance company in the world

# Consistently delivering value to shareholders

## 5-year annualized total shareholder return<sup>5</sup>

At March 31, 2026

Source: Bloomberg

## Performance against medium-term objectives

Medium-term objectives <sup>2</sup>	Q1'26	4-Year <sup>3,4</sup>
Underlying EPS growth <sup>1</sup> 10%	4%	9%
Underlying ROE <sup>1</sup> 20%	18.6%	17.6%
Underlying dividend Payout ratio <sup>1</sup> 40-50%	49%	48%

<sup>1</sup> Underlying EPS, underlying ROE and underlying dividend payout ratio are non-IFRS financial measures. See section M - Non-IFRS Financial Measures in our MD&A for the period ended December 31, 2025 ("2025 Annual MD&A"). Underlying dividend payout ratio represents the ratio of common shareholders' dividends to diluted underlying EPS. See section J - Capital and Liquidity Management - 3 - Shareholder Dividends in our 2025 Annual MD&A for further information regarding dividends.

<sup>2</sup> Our medium-term financial objectives are forward-looking non-IFRS financial measures and do not constitute guidance. See slide 37 for additional information.

Footnotes 3-5: Refer to slide 39.

# Digital Leadership

---

We are operating like a digital company focused on:

## Digital Experiences

Amazing Client, employee, advisor and partner experiences

## Digital Capabilities

Enabling our experiences and improve our digital maturity

## Digital Way of Working

Empowering our people to support our digital journey

Supported by a strong, resilient and trusted technology foundation

## Q1 2026 highlights

### Enhancing digital capabilities in Asia

- In Hong Kong, we integrated digital, data-driven underwriting into our point-of-sale system, increasing straight-through processing and enabling faster Client onboarding
- In Malaysia, our AI-assisted Talkbot expanded servicing capacity and supported more timely and consistent engagement with Clients

### Leveraging AI to enhance productivity and Client experience in Canada

- Continuing to scale AI across the business with advisors using AI enabled tools to support Client conversations. Our operations employees are leveraging AI to access information more quickly, and more than 90% of our developers are using AI to improve efficiency and the speed of delivery

# Distribution excellence

**Omni-channel approach** to serving Clients, including more mobile touch points, click-to-chat, call center and in-person interactions

Aim to reach Clients at the **right moments, with personally relevant and useful offers**

**New digital business models** broaden access to Clients

## Distribution across the four pillars

AM

- **MFS** partners with leading retail intermediary firms and global institutional consultants
- **SLC Management** distributes products through affiliates Crescent Capital, BentallGreenOak, InfraRed Capital Partners and Advisors Asset Management

CAN

- Products distributed via multi-channel distribution model, consisting of: **a) Sun Life Financial Distributors**, our proprietary advisory network, **b) Third-party channels**, including independent brokers and broker-dealers, **c) Sales representatives** in collaboration with pension and/or benefit consultants and advisors, and **d) Direct to consumer**, using digital tools like Sun Life Go, Lumino Health and *Prospr* by Sun Life

U.S.

- Sell products and services through **independent brokers, benefits consultants** and **health plans**, as well as industry and **digital partners**
- Supported by employee benefits representatives, supplemental health representatives and stop-loss specialists

ASIA

- **Network of 97,000 agents** across Asia<sup>1</sup> supported by Sun Life's Brighter Academy, which strives to develop and support advisors through the Most Respected Advisor (MRA) program
- **30 bancassurance partners** across Asia markets<sup>2</sup>
- **Joint venture partnerships** in India, China and Malaysia

<sup>1</sup> As at March 31, 2026, including joint ventures.

<sup>2</sup> As at March 31, 2026.

Footnotes 2-6: Refer to slide 39.  
Sun Life – Q1 2026

## Results Highlights

### Underlying net income<sup>1</sup> of \$1,050M increased \$5M, driven by:

- Strong performance in Asia reflecting sales momentum in Hong Kong, and Canada from higher fee income driven by higher AUM; mostly offset by
- Lower results in Sun Life Asset Management reflecting lower catch-up fees and net seed investment income at SLC Management, higher financing costs in Corporate supporting the acquisition of our remaining interests in SLC Management affiliates, and the unfavourable impacts from foreign exchange translation

### Total insurance sales<sup>1</sup> up 17% y/y

- Group sales down 5% y/y reflecting lower large case sales compared to a strong prior year in Sun Life Health, partially offset by higher medical stop-loss sales in Group Benefits reflecting disciplined pricing, strong close rates, and favourable market conditions and higher commercial and Medicare sales in Dental
- Individual sales up 32% y/y from higher sales in Hong Kong across all channels and positive momentum in Joint Venture and High Net Worth businesses, partially offset by lower participating life sales in Canada

**New business CSM<sup>1</sup> up 6% y/y** driven by higher sales partially offset by an increasing competitive environment in Asia, primarily in Hong Kong

# Q1 2026 results

## Underlying net income<sup>1</sup> (\$ millions)

Impact of currency translation decreased underlying net income by \$35M<sup>2</sup>

- Share performance
- Capital management
- **Asset portfolio**

# High quality, well-diversified investment portfolio

- 73% of the portfolio is fixed income; 98% of fixed income rated investment grade<sup>2</sup>
- Only 4% of fixed income rated BBB-; skewed BBBs to private loans with collateral and covenant protection
- 25% of total commercial mortgage loan portfolio is CMHC-insured; our uninsured commercial mortgage portfolio has strong metrics with LTV<sup>3</sup> of 54% and DSCR<sup>3</sup> of 1.77

## Investment profile As of March 31, 2026

Equities include Mutual Funds in our General Account. The majority of these assets support our Participating and Universal Life liabilities in Canada and Asia.

Other includes Limited Partnerships, Crescent Capital CLOs<sup>1</sup>, investments in our Joint Ventures and seed investments.

<sup>1</sup> Sun Life's Investment portfolio includes \$5.9 billion in consolidated Crescent Capital related CLO assets. Sun Life's maximum contractual exposure to loss related to these CLOs is limited to our investment of \$0.3 billion in the most subordinated tranche. Footnotes 2-5: Refer to slide 41.

### Loans:

- Lending leader with 40 years of experience
- Portfolio is high quality and well-diversified
- 95% of Corporate Loan portfolio investment grade
- Typically are senior, secured with collateral and covenants
- We have a history of strong credit performance in our portfolio and our credit performance over the long term has been better than the provisions built into the liabilities

# Private credit: Loan portfolio represents 23% of total invested assets as of Q1 2026

## Institutional portfolio strength

- High-quality portfolio with approximately 95% investment-grade exposure

## Cycle-tested platform (40+ years) with focus on downside protection

- Combining fundamental credit analysis with structuring expertise
- Since the Global Financial Crisis, average annual net loss of General Account Private Fixed Income has been less than 5bps since 2008

## Portfolio construction

- Majority of the portfolio secured by collateral
- Middle-market direct lending represents less than 1% of total loan portfolio
- Well diversified portfolio with less than 1% exposure to software<sup>2</sup>

## Liquidity and valuation discipline

- Robust monitoring framework enabling early identification and corrective action

## Loan portfolio

As of March 31, 2026

<sup>1</sup> Based on AUM. AUM Represents a non-IFRS financial measure. Refer to the Non-IFRS Financial Measures section in the appendix to these slides and in our Q1 2026 MD&A.

<sup>2</sup> Our grouping of debt securities by sector is based on the Global Industry Classification Standard.

# Private credit: Crescent Capital private credit portfolio

## Institutional portfolio strength

- US\$39 billion in private credit<sup>1,3</sup>, with approximately 99% in locked vehicles
- 95%+ institutional capital base

## Cycle-tested platform (30+ years) with focus on downside protection

- Since inception, Crescent Private Credit annual net loss is less than 10bps

## Portfolio construction

- Emphasis on cash-flow-based underwriting, tight covenants, and sponsor oversight
- Limited exposure to high disruption sectors, with minimal exposure to software/AI disruption risk (less than 5% across the Crescent Private Credit platform<sup>4</sup>)

## Liquidity and valuation discipline

- Robust valuation framework and conservative leverage provide liquidity and flexibility amid market volatility

## Private credit portfolio concentration (% of market value)<sup>1,2</sup>

As of March 31, 2026

<sup>1</sup> Based on AUM. AUM Represents a non-IFRS financial measure. Refer to the Non-IFRS Financial Measures section in the appendix to these slides and in our Q1 2026 MD&A.

<sup>2</sup> As of Q4 2025; Crescent Capital also manages approximately US\$11 billion AUM in public credit including broadly and narrowly syndicated bank loans, high yield bonds, and structured products; Sun Life assets managed by Crescent Capital are C\$2 billion as of Q1 2026 (includes unfunded commitments).

<sup>3</sup> Past performance is not a guarantee of future results.

In this document, Sun Life Financial Inc. ("SLF" or "SLF Inc."), its subsidiaries and, where applicable, its joint ventures and associates are collectively referred to as "we", "us", "our", "Sun Life" and the "Company". Reported net income (loss) refers to Common shareholders' net income (loss) determined in accordance with IFRS.

We have updated our disclosures for 2026 to reflect the implementation of the new Sun Life Asset Management structure, effective January 1, 2026, and other refinements to enhance the understanding of our financial results. Prior period results have been updated to reflect current presentation. For more details on how we report our results, see Section A - How We Report Our Results in in our Q1 2026 MD&A.

### Forward-Looking Statements

From time to time, the Company makes written or oral forward-looking statements within the meaning of certain securities laws, including the "safe harbour" provisions of the United States Private Securities Litigation Reform Act of 1995 and applicable Canadian securities legislation. Forward-looking statements contained in this document include statements (i) relating to our strategies, plans, targets, goals and priorities; (ii) relating to our growth initiatives and other business objectives; (iii) relating to reductions in Acquisition Integration & Restructuring expenses; (iv) relating to our intention to acquire Bell Partners; (v) set out in our Q1 2026 MD&A under the heading I - Risk Management - Market Risk Sensitivities - Interest Rate Sensitivities; (vi) that are predictive in nature or that depend upon or refer to future events or conditions; and (vii) that include words such as "achieve", "aim", "ambition", "anticipate", "aspiration", "assumption", "believe", "could", "estimate", "expect", "goal", "initiatives", "intend", "may", "objective", "outlook", "plan", "project", "seek", "should", "strategy", "strive", "target", "will", and similar expressions. Forward-looking statements include the information concerning our possible or assumed future results of operations. These statements represent our current expectations, estimates, and projections regarding future events and are not historical facts, and remain subject to change.

Forward-looking statements are not a guarantee of future performance and involve risks and uncertainties that are difficult to predict. Future results and shareholder value may differ materially from those expressed in these forward-looking statements due to, among other factors, the matters set out in our Q1 2026 MD&A under the headings C - Profitability - 5 - Income taxes, F - Financial Strength and I - Risk Management and in SLF Inc.'s 2025 AIF under the heading Risk Factors, and the factors detailed in SLF Inc.'s 2025 Annual MD&A under the heading K - Risk Management and in its other filings with Canadian and U.S. securities regulators, which are available for review at [www.sedarplus.ca](http://www.sedarplus.ca) and [www.sec.gov](http://www.sec.gov), respectively.

### Medium-Term Financial Objectives

The Company's medium-term financial objectives are forward-looking non-IFRS financial measures and do not constitute guidance. Although considered reasonable by the Company, actual results could differ materially depending on our success in achieving growth initiatives and business objectives and based on certain key assumptions, which may prove to be inaccurate, including: (i) no significant changes in the level of interest rates; (ii) average total return on real estate and equity investments of approximately 8% per annum; (iii) credit experience in line with expectations; (iv) no significant changes in the level of our regulatory capital requirements; (v) no significant changes to our effective tax rate; (vi) no significant increase in the number of shares outstanding; (vii) no material changes to our hedging program; (viii) hedging costs that are consistent with our expectations; (ix) no material assumption changes; and (x) no material accounting standard changes. In addition, our medium-term financial objectives do not reflect the indirect effects of interest rate and equity market movements including the potential impacts on goodwill or the current valuation allowance on deferred tax assets as well as other items that may be non-operational in nature.

Our underlying ROE is dependent upon capital levels and options for deployment of excess capital. Our target dividend payout ratio of 40%-50% of our underlying net income assumes that economic conditions and our results will enable us to maintain our payout ratio in the target range, while maintaining a strong capital position. The declaration, amount and payment of dividends is subject to the approval of SLF Inc.'s Board of Directors and our compliance with the capital requirements in the *Insurance Companies Act* (Canada). Additional information on dividends is provided in the section J - Capital and Liquidity Management - 3 - Shareholder Dividends in the 2025 Annual MD&A.

### Risk Factors

Important risk factors that could cause our assumptions and estimates, and expectations and projections to be inaccurate and our actual results or events to differ materially from those expressed in or implied by the forward-looking statements contained in this document, are set out below. The realization of our forward-looking statements essentially depends on our business performance which, in turn, is subject to many risks. Factors that could cause actual results to differ materially from expectations include, but are not limited to: **market risks** - related to the performance of equity markets; changes or volatility in interest rates or credit spreads or swap spreads; real estate investments; fluctuations in foreign currency exchange rates; and inflation; **insurance risks** - related to mortality experience, morbidity experience and longevity; policyholder behaviour; product design and pricing; the impact of higher-than-expected future expenses; and the availability, cost and effectiveness of reinsurance; **credit risks** - related to issuers of securities held in our investment portfolio, debtors, structured securities, reinsurers, counterparties, other financial institutions and other entities; **business and strategic risks** - related to global economic and geopolitical conditions; the design and implementation of business strategies; changes in distribution channels or Client behaviour including risks relating to market conduct by intermediaries and agents; the impact of competition; the performance of our investments and investment portfolios managed for Clients such as segregated and mutual funds; shifts in investing trends and Client preference towards products that differ from our investment products and strategies; changes in the legal or regulatory environment, including capital requirements and tax laws; environmental and social issues and their related laws and regulations; **operational risks** - related to breaches or failure of information system security and privacy, including cyber-attacks; our ability to attract and retain employees; legal, regulatory compliance and market conduct, including the impact of regulatory inquiries and investigations; the execution and integration of mergers, acquisitions, strategic investments and divestitures; our information technology infrastructure; a failure of information systems and Internet-enabled technology; dependence on third-party relationships, including outsourcing arrangements; business continuity; model errors; information management; **liquidity risks** - the possibility that we will not be able to fund all cash outflow commitments as they fall due; and **other risks** - changes to accounting standards in the jurisdictions in which we operate; risks associated with our international operations, including our joint ventures; market conditions that affect our capital position or ability to raise capital; downgrades in financial strength or credit ratings; and tax matters, including estimates and judgements used in calculating taxes.

The Company does not undertake any obligation to update or revise its forward-looking statements to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events, except as required by law.

### Currency

All amounts are in Canadian dollars unless otherwise noted.

### Rounding

Amounts in this document are impacted by rounding.

**Use of Non-IFRS Financial Measures**

We report certain financial information using non-IFRS financial measures, as we believe that these measures provide information that is useful to investors in understanding our performance and facilitate a comparison of our quarterly and full year results from period to period. These non-IFRS financial measures do not have any standardized meaning and may not be comparable with similar measures used by other companies. For certain non-IFRS financial measures, there are no directly comparable amounts under IFRS. These non-IFRS financial measures should not be viewed in isolation from or as alternatives to measures of financial performance determined in accordance with IFRS. Additional information concerning non-IFRS financial measures and, if applicable, reconciliations to the closest IFRS measures are available in section N - Non-IFRS Financial Measures of our Q1 2026 MD&A and the Supplementary Financial Information package on [www.sunlife.com](http://www.sunlife.com) under Investors - Financial results and reports.

**Non-IFRS Financial Measures**

Underlying net income is a non-IFRS financial measure that assists in understanding Sun Life's business performance by making certain adjustments to IFRS income. Underlying net income, along with common shareholders' net income (Reported net income), is used as a basis for management planning, and is also a key measure in our employee incentive compensation programs. This measure reflects management's view of the underlying business performance of the company and long-term earnings potential. For example, due to the longer term nature of our individual protection businesses, market movements related to interest rates, equity markets and investment properties can have a significant impact on reported net income in the reporting period. However, these impacts are not necessarily realized, and may never be realized, if markets move in the opposite direction in subsequent periods or in the case of interest rates, the fixed income investment is held to maturity.

Underlying net income removes the impact of the following items from reported net income:

- i. Market-related impacts reflecting the after-tax difference in actual versus expected market movements,
- ii. ACMA – captures the impact of method and assumption changes, and management actions on insurance and reinsurance contracts, and
- iii. Other adjustments (MFS shares owned by management, Acquisition, integration, and restructuring, Intangible asset amortization, and Other).

Additional detail on these adjustments is provided in section N - Non-IFRS Financial Measures of our Q1 2026 MD&A.

All factors discussed in this document that impact our underlying net income are also applicable to reported net income. All EPS measures in this presentation refer to fully diluted EPS, unless otherwise stated. Underlying EPS excludes the dilutive impacts of convertible instruments.

Other non-IFRS financial measures that we use include: after-tax profit margin for U.S. Group Benefits, assets under administration (in SLC Management), assets under management ("AUM"), AUM not yet earning fees, capital raising, cash and other liquid assets, measures based on a currency adjusted basis, CSM movement analysis (organic CSM movement, impact of new insurance business on CSM, expected movements from asset returns & locked-in rates, impact of markets & other, insurance experience gains/losses, impact of change in assumptions, CSM market sensitivities), deployment, drivers of earnings, earnings on surplus, experience-related items attributable to reported net income and underlying net income, fee-earning AUM, fee-related earnings and operating income, financial leverage ratio, impacts of foreign exchange translation, LICAT market sensitivities, organic capital generation, pre-tax fee-related earnings margin, pre-tax net operating margin, return on equity, sales and flows, third-party and other AUM, total weighted premium income ("TWPI"), underlying dividend payout ratio, underlying EPS (diluted), and effective income tax rate on an underlying net income basis.

**Use of Names and Logos of Third Parties**

Names and logos of third parties are used for identification purposes and do not imply any relationship with, or endorsement by, them. Third party trade-marks are the property of their respective owners.

## Footnotes

### From slide 3

<sup>2</sup> For more information about business type in Sun Life's business group, refer to the General Information section in the Financial and Operating Results Supplementary Financial Information for the period ended March 31, 2026.

<sup>3</sup> As of December 31, 2025.

<sup>4</sup> Rounded to the nearest million.

<sup>5</sup> Clients are those who have access to our professional services including insurance policyholders, investment account holders, group plan members and their dependents, members of government-funded public, health insurance programs and members of Sun Life owned health services companies.

<sup>6</sup> Rounded to the nearest hundred. Represents full-time equivalent employees, temporary employees and employees in Asia joint ventures.

<sup>7</sup> Rounded to the nearest hundred.

<sup>8</sup> C\$ as at March 31, 2026.

### From slide 8

<sup>3</sup> 2022 results have been restated for the adoption of IFRS 17 and the related IFRS 9 classification overlay ("the new standards"). The restated results may not be fully representative of our future earnings profile, as we were not managing our asset and liability portfolios under the new standards. The majority of the actions taken to re-balance asset portfolios and transition asset-liability management execution to an IFRS 17 basis occurred in Q1'23. Accordingly, analysis based on 2022 comparative results may not necessarily be indicative of future trends and should be interpreted with this context.

<sup>4</sup> Underlying EPS growth is calculated using a three-year compound annual growth rate. Underlying ROE and dividend payout ratio are calculated using a four-year average of 2022-2025. These calculations reflect data available under the new standards. As we continue to report under the new standards in future periods, an additional year will be added until we reach a five-year period, consistent with disclosures in 2022 and prior.

<sup>12</sup> China: based on gross premiums for Q3 2025 year-to-date (excluding universal life insurance deposits and pension companies) amongst foreign multinationals.

**From slide 26**

<sup>2</sup> Cash and other liquid assets at SLF Inc. and its wholly owned holding companies.

<sup>3</sup> Life Insurance Capital Adequacy Test ("LICAT") ratio of SLF Inc.; our LICAT ratios are calculated in accordance with the OSFI-mandated guideline, Life Insurance Capital Adequacy Test.

<sup>4</sup> Tier 2 capital under LICAT framework.

<sup>5</sup> Tier 1 capital under LICAT framework.

**From slide 27**

<sup>3</sup> Aditya Birla Sun Life AMC Limited (ABSLAMC) and Aditya Birla Life Insurance. Sun Life subsequently sold 12.5% and 6.5% of our ABSLAMC ownership in 2021 and 2024, respectively, to meet regulatory obligations.

<sup>4</sup> Acquired additional interest in Bowtie Life Insurance Company Limited in 2021, 2023 and July 2025.

**From slide 29**

<sup>2</sup> BBB- and higher.

<sup>3</sup> LTV: Loan-to-Value; DSCR: Debt-service coverage ratio.

<sup>4</sup> Consists of: Other financial invested assets (\$14.1B) and other non-financial invested assets (\$1.8B).

<sup>5</sup> BB and lower includes impaired mortgages and loans.

**From slide 30**

<sup>2</sup> Includes insured mortgages; multi-family residential \$2,913M and other \$402M.

<sup>3</sup> Credit risk ratings were established in accordance with the internal rating process described in the Credit Risk Management Governance and Control section in our Q1 2026 MD&A.

**From slide 35**

<sup>1</sup> Represents the respective change across all equity exposures as at March 31, 2026 and December 31, 2025. Due to the impact of active management, basis risk, and other factors, realized sensitivities may differ significantly from expectations. Sensitivities include the impact of re-balancing equity hedges for hedging programs at 2% intervals (for 10% changes in equity markets) and at 5% intervals (for 25% changes in equity markets).

<sup>2</sup> The market risk sensitivities include the estimated impact of our hedging programs in effect as at March 31, 2026 and December 31, 2025, and include new business added and product changes implemented prior to such dates.

<sup>3</sup> Net income, CSM and OCI sensitivities have been rounded in increments of \$25 million. The sensitivities exclude the market impacts on the income from our joint ventures in China and India.

<sup>4</sup> The LICAT sensitivities illustrate the impact on SLF Inc. as at March 31, 2026 and December 31, 2025. LICAT ratios are rounded in increments of 0.5%.

<sup>5</sup> Interest rate sensitivities assume a parallel shift in assumed interest rates across the entire yield curve as at March 31, 2026 and December 31, 2025 with no change to the ultimate risk-free rate. Variations in realized yields based on factors such as different terms to maturity and geographies may result in realized sensitivities being significantly different from those illustrated on the slide. Sensitivities include the impact of re-balancing interest rate hedges for hedging programs at 10 basis point intervals (for 50 basis point changes in interest rates).

<sup>6</sup> The market risk OCI sensitivities exclude the impact of changes in the defined benefit obligations and plan assets.

<sup>7</sup> The LICAT sensitivities illustrate the impact on SLF Inc. as at March 31, 2026 and December 31, 2025. The sensitivities reflect the worst scenario as of March 31, 2026 and assume that a scenario switch does not occur in the quarter. LICAT ratios are rounded in increments of 0.5%.

**From slide 36**

<sup>1</sup> Net income, CSM and OCI sensitivities have been rounded in increments of \$25 million. The sensitivities exclude the market impacts on the income from our joint ventures in China and India.

<sup>2</sup> The credit spread sensitivities assume a parallel shift in the indicated spreads across the entire term structure with no change to the ultimate liquidity premium. The sensitivities reflect a floor of zero on credit spreads where the spreads are not currently negative. Variations in realized spread changes based on different terms to maturity, geographies, asset classes and derivative types, underlying interest rate movements, and ratings may result in realized sensitivities being significantly different from those provided on the slide.

<sup>3</sup> The market risk OCI sensitivities exclude the impact of changes in the defined benefit obligations and plan assets.

<sup>4</sup> The LICAT sensitivities illustrate the impact on SLF Inc. as at March 31, 2026 and December 31, 2025. The sensitivities reflect the worst scenario as of March 31, 2026 and assume that a scenario switch does not occur in the quarter. LICAT ratios are rounded in increments of 0.5%.

<sup>5</sup> The swap spread sensitivities assume a parallel shift in the indicated spreads across the entire term structure. Variations in realized spread changes based on different terms to maturity, geographies, asset classes and derivative types, underlying interest rate movements, and ratings may result in realized sensitivities being significantly different from those provided on the slide.
