

Q4'24 Delivering sustainable shareholder value

- Business overview
- Strategic overview
- Business group results & highlights
- Capital management
- Asset portfolio

# A leading global financial services organization

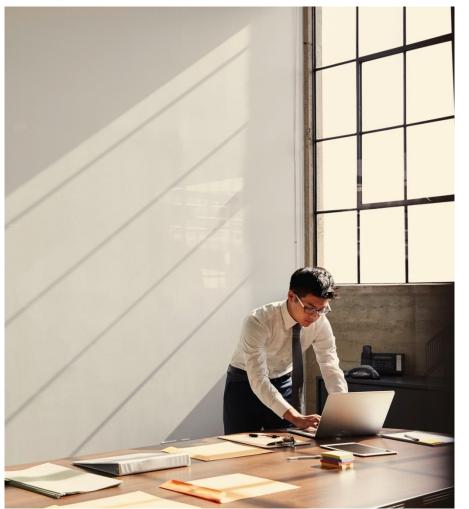

<sup>1</sup> Represents a Non-IFRS financial measure; Refer to the Non-IFRS Financial Measures section in the appendix to these slides and in our MD&A for the period ended December 31, 2024 ("2024 Annual MD&A"). Footnotes 2-7: Refer to slide 34.

# The Sun Life story

- A diversified business model, with four well-positioned business groups, focused on creating value and positively impacting our Clients, employees and shareholders
- Portfolio of businesses that have strong growth prospects and capital generation in attractive global markets
- Strategy is underpinned by a continued commitment to **strong financial discipline** and risk management
- We have an **omni-channel approach to distribution**, making it easier for Clients to do business with us across all markets
- We are operating like a **digital company** to drive leading experiences and capabilities
- **Purpose-driven people and culture** to help us deliver on our strategy through BOLDER behaviours and effective decision-making
- Our **trusted brand** informs the differentiated Sun Life experiences we create, the products and service experiences we deliver, and the culture we live by

# Leveraging global trends

- Individual and employer attention on physical and mental health
- **Demographic shifts** in developed markets
- Increased economic, market and geopolitical volatility
- Gig economy and shift in **nature of work**
- Digital acceleration
- Adoption of digital health technologies
- Growth of alternative asset classes
- Increasing competition from new market entrants

# Executing on our ambition to be the best Asset Management and Insurance company in the world

Our Purpose: Help Clients achieve lifetime financial security and live healthier lives

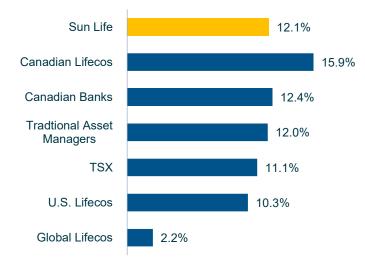

Our Values: Caring, Authentic, Bold, Inspiring, Impactful

Our Ambition: To be the best Asset Management and Insurance company in the world

# Consistently delivering value to shareholders

### 5-year annualized total shareholder return<sup>6</sup> At December 31, 2024

## Performance against medium-term financial objectives

Measure <sup>1</sup>	Medium-term financial objectives <sup>2,3</sup>	Prior Medium-term financial objectives <sup>2,3</sup>	2024	3-Year <sup>4,5</sup>
Underlying EPS growth	10%	8 - 10%	5%	8%
Underlying ROE	20%	18%+	17.2%	17.3%
Underlying dividend payout ratio	40 - 50%	40 - 50%	49%	48%

<sup>1</sup> Underlying EPS, underlying ROE and underlying dividend payout ratio are non-IFRS financial measures. See section M - Non-IFRS Financial Measures in our MD&A for the period ended December 31, 2024 ("2024 Annual MD&A"). Underlying dividend payout ratio represents the ratio of common shareholders' dividends to diluted underlying EPS. See section J - Capital and Liquidity Management - 3 - Shareholder Dividends in our 2024 Annual MD&A for further information regarding dividends. <sup>2</sup> Although considered reasonable, we may not be able to achieve our medium-term financial objectives as our assumptions may prove to be inaccurate. Accordingly, our actual results could differ materially from our medium-term financial objectives as described on the slide. Our medium-term financial objectives do not constitute guidance. Our medium-term financial objectives are forward-looking non-IFRS financial measures and additional information is provided in section P - Forward-looking Statements - Medium-Term Financial Objectives of our 2024 Annual MD&A.

<sup>3</sup> In 2024, we increased our underlying EPS growth medium-term financial objective to 10% from our previous objective of 8%-10%, and increased our underlying ROE medium-term financial objective to 20% from our previous objective of 18%+. These updates are supported by strong business performance. Our medium-term financial objective for underlying dividend payout ratio did not change.

# Digital leadership

We are operating like a digital company focused on:

### **Digital Experiences**

Amazing Client, employee, advisor and partner experiences

**Digital Capabilities** 

Enabling our experiences and improve our digital maturity

Digital Way of Working Empowering our people to support our digital journey

Supported by a strong, resilient and trusted technology foundation.

# Q4 2024 highlights

### Launched Clinical 360+ in the U.S.

- In Health and Risk Solutions, we launched Clinical 360+, an expanded stop-loss program that gives members digital access to personalized tools and care services through one easy app in collaboration with specialized health partners
  - Our Clinical 360+ program helps increase early care intervention and improve health outcomes for our members

### Increased registered users for online pharmacy services

In Canada, we remain focused on building innovative health solutions, including online pharmacy services through the Lumino Health Pharmacy App, provided by Pillway and its affiliates, which offers quick and easy access to medications and pharmacist support. **Registered users increased 40% from the prior quarter** 

### Launched MPF Navigator in Hong Kong

- We launched MPF Navigator in Hong Kong, an innovative digital platform developed with a leading fintech partner. This tool empowers Clients with personalized retirement planning advice, real-time market insights, and convenient MPF account management
  - By combining advanced technology with expert guidance, we are enhancing our Clients' digital experience and helping them make informed decisions for their financial future

# Distribution excellence

### **Omni-channel approach**

to serving Clients, including more mobile touch points, click-to-chat, call center and in-person interactions

Aim to **reach Clients** at the **right moments, with personally relevant and useful offers** 

**New digital business models** broaden access to Clients

### Distribution across the four pillars

AM

US

- MFS partners with leading retail intermediary firms and global institutional consultants
  - **SLC Management** distributes products through affiliates Crescent Capital, BentallGreenOak, InfraRed Capital Partners and Advisors Asset Management
- CAN Products distributed via multi-channel distribution model, consisting of: a) Sun Life Financial Distributors, our proprietary advisory network, b) Third-party channels, including independent brokers and broker-dealers, c) Sales representatives in collaboration with pension and/or benefit consultants and advisors, and d) Direct to consumer, using digital tools like Sun Life Go, Lumino Health and *Prospr* by Sun Life
  - Sell products and services through independent brokers, benefits consultants and health plans, as well as industry and digital partners
    - Supported by employee benefits representatives, supplemental health representatives, and stop-loss specialists
- ASIA Network of 89,000 agents across Asia<sup>1</sup> supported by Sun Life's Brighter Academy, which strives to develop and support advisors through the Most Respected Advisor (MRA) program
  - 27 bancassurance partners across Asia markets<sup>2</sup>
  - Joint venture partnerships in India, China and Malaysia

Footnotes 2-8: Refer to slide 34.

#### Sun Life – Q4 2024

### Results Highlights

### Underlying results consistent with prior year; fundamentals remain solid:

- Wealth & asset management: up 11% y/y on higher fee income across businesses, partially offset by lower net investment results in Canada
- Group Health & Protection: down 27% y/y on unfavourable morbidity experience in U.S. medical stop-loss and less favourable morbidity experience in Canada, partially offset by business growth in Canada
- **Individual Protection:** up 19% y/y on improved protection experience and higher Asia joint venture contribution
- · Corporate expenses & other: higher net loss due to investments in Asia

**Reported net income** includes lower tax-exempt investment income, an impairment charge in Vietnam, market-related impacts, and other items

Total AUM<sup>1</sup> up 10% y/y due to market appreciation, partially offset by net outflows

**Total insurance sales down 7% y/y** driven by lower Group sales, partially offset by higher Individual sales in International, India and Hong Kong

Total CSM up 13% y/y on strong organic CSM growth and currency impacts

• New business CSM down 20% y/y driven by sales mix

### Strong capital position

- Organic capital generation<sup>1,7</sup> of \$350 million, net of dividends, driven by underlying net income and new business CSM
- SLF LICAT of 152%, in-line with the prior quarter, reflecting organic capital generation offset by market impacts and share buybacks
- Low financial leverage ratio of 20.1%; \$1.4 billion in holdco cash<sup>1,8</sup>

# Q4 2024 strategic highlights

### MFS

- MFS continues to experience solid fixed income investment flows, generating US\$1.5 billion in net inflows in this asset class during Q4'24
- Launched five active exchange traded funds, continuing to expand the diverse range of investment products offered to Clients
- Long-term retail fund performance remains strong with 95% of fund assets ranked in the top half of their respective Morningstar categories based on 10-year performance

### SLC Management

- InfraRed Capital Partners closed its sixth flagship value-added
   infrastructure fund during the fourth quarter with over US\$1 billion in
   capital commitments
- The SLC Management team won the 2024 Insurance Investor North
   American Award for Insurance Investment Strategy of the Year

In this document, Sun Life Financial Inc. ("SLF" or "SLF Inc."), its subsidiaries and, where applicable, its joint ventures and associates are collectively referred to as "we", "us", "our", "Sun Life" and the "Company". Reported net income (loss) refers to Common shareholders' net income (loss) determined in accordance with IFRS.

#### Forward-Looking Statements

From time to time, the Company makes written or oral forward-looking statements within the meaning of certain securities laws, including the "safe harbour" provisions of the United States Private Securities Litigation Reform Act of 1995 and applicable Canadian securities legislation. Forward-looking statements contained in this document include statements (i) relating to our strategies, plans, targets, goals and priorities: (ii) relating to our growth initiatives and other business objectives; (iii) set out in our 2024 Annual MD&A under the heading K - Risk Management - Market Risk Sensitivities - Interest Rate Sensitivities; (iv) that are predictive in nature or that depend upon or refer to future events or conditions; and (v) that include words such as "achieve", "amin", "amin", "amin", "amin", "amin", "anticipate", "espirate", "should", "strategy", "strategy", "strategy", "strategy", "will", and similar expressions. Forward-looking statements include the information concerning our possible or assumed future results of operations. These statements our current expectations, estimates, and projections regarding future events and are not historical facts, and remain subject to change.

Forward-looking statements are not a guarantee of future performance and involve risks and uncertainties that are difficult to predict. Future results and shareholder value may differ materially from those expressed in these forward-looking statements due to, among other factors, the matters set out in our 2024 Annual MD&A under the headings D - Profitability - 5 - Income taxes, G - Financial Strength and K - Risk Management and in SLF Inc.'s 2024 AIF under the heading Risk Factors, and the factors detailed in SLF Inc.'s other filings with Canadian and U.S. securities regulators, which are available for review at www.sedarplus.ca and www.sec.gov, respectively.

#### Medium-Term Financial Objectives

The Company's medium-term financial objectives are forward-looking non-IFRS financial measures. Our ability to achieve those objectives is dependent on our success in achieving growth initiatives and business objectives and on certain key assumptions that include: (i) no significant changes in the level of interest rates; (ii) average total return on real estate and equity investments of approximately 8% per annum; (iii) credit experience in line with expectations; (iv) no significant changes in the level of our regulatory capital requirements; (v) no significant changes to our effective tax rate; (vi) no significant increase in the number of shares outstanding; and (vii) other key assumptions include: no material accounting standard changes. Our underlying ROE is dependent upon capital levels and options for deployment of experience.

Our target dividend payout ratio of 40%-50% of our underlying net income assumes that economic conditions and our results will enable us to maintain our payout ratio in the target range, while maintaining a strong capital position. The declaration, amount and payment of dividends is subject to the approval of the Company's Board of Directors and our compliance with the capital requirements in the *Insurance Companies Act* (Canada). Additional information on dividends is provided in the section J - Capital and Liquidity Management - 3 - Shareholder Dividends in the 2024 Annual MD&A.

Although considered reasonable by the Company, we may not be able to achieve our medium-term financial objectives as the assumptions on which these objectives were based may prove to be inaccurate. Accordingly, our actual results could differ materially from our medium-term financial objectives do not constitute guidance.

#### **Risk Factors**

Important risk factors that could cause our assumptions and estimates, and expectations and projections to be inaccurate and our actual results or events to differ materially from those expressed in or implied by the forward-looking statements contained in this document, are set out below. The realization of our forward-looking statements essentially depends on our business performance which, in turn, is subject to many risks. Factors that could cause actual results to differ materially from expectations include, but are not limited to: **market risks** - related to the performance of equity markets; changes or volatility in interest rates or credit spreads or swap spreads; real estate investments; fluctuations in foreign currency exchange rates; and inflation; insurance risks - related to issuers of securities, held in our investment portfolio, debtors, structured securities, reinsurers, counterparties, other financial institutions and other entities; **business and strategic risks** - related to global economic and geopolitical conditions; the design and implementation of business strategies; changes in distribution channels or Client behaviour including risks relating to market conduct by intermediaries and agents; the impact of competition; the performance of our investment portfolios managed for Clients such as segregated and mutual funds; shifts in investing trends and feulytions; **operational risks** - related to be indecurse products and strategies; changes in the legal or regulatory environment, including capital requirements and taxes; environmental and social issues and their related have and regulations; **operational risks** - related to finder and privacy, including cyber-attacks; our information expecting and integration of mergers, acquisitions, strategic investments and divestitures; our information technology infrastructure; a failure of information systems and Interret-enabled technology; dependence on third-party relations in vesting our inder strategic investing risks - che possibility that we wil

The Company does not undertake any obligation to update or revise its forward-looking statements to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events, except as required by law.

#### **Drivers of earnings**

Certain 2023 results in the Drivers of Earnings and Contractual Service Margin ("CSM") Movement Analysis were refined to more accurately reflect how the business is managed.

#### Currency

All amounts are in Canadian dollars unless otherwise noted.

#### Rounding

Amounts in this document are impacted by rounding.

#### Use of Non-IFRS Financial Measures

We report certain financial information using non-IFRS financial measures, as we believe that these measures provide information that is useful to investors in understanding our performance and facilitate a comparison of our quarterly and full year results from period to period. These non-IFRS financial measures do not have any standardized meaning and may not be comparable with similar measures used by other companies. For certain non-IFRS financial measures, there are no directly comparable amounts under IFRS. These non-IFRS financial measures should not be viewed in isolation from or as alternatives to measures of financial performance determined in accordance with IFRS. Additional information concerning non-IFRS financial measures to the closest IFRS measures are available in section M - Non-IFRS Financial Measures of our 2024 Annual MD&A and the Supplementary Financial Information package on www.sunlife.com under Investors - Financial results and reports.

#### **Non-IFRS Financial Measures**

Underlying net income is a non-IFRS financial measure that assists in understanding Sun Life's business performance by making certain adjustments to IFRS income. Underlying net income, along with common shareholders' net income (Reported net income), is used as a basis for management planning, and is also a key measure in our employee incentive compensation programs. This measure reflects management's view of the underlying business performance of the company and long-term earnings potential. For example, due to the longer term nature of our individual protection businesses, market movements related to interest rates, equity markets and investment properties can have a significant impact on reported net income in the reporting period. However, these impacts are not necessarily realized, and may never be realized, if markets move in the opposite direction in subsequent periods or in the case of interest rates, the fixed income investment is held to maturity.

Underlying net income removes the impact of the following items from reported net income:

- i. Market-related impacts reflecting the after-tax difference in actual versus expected market movements,
- ii. ACMA captures the impact of method and assumption changes, and management actions on insurance and reinsurance contracts, and
- iii. and Other adjustments (Management's ownership of MFS shares, Acquisition, integration, and restructuring, Intangible asset amortization, and Other).

Additional detail on these adjustments is provided in section M - Non-IFRS Financial Measures of our 2024 Annual MD&A.

All factors discussed in this document that impact our underlying net income are also applicable to reported net income. All EPS measures in this presentation refer to fully diluted EPS, unless otherwise stated. Underlying EPS excludes the dilutive impacts of convertible instruments.

Other non-IFRS financial measures that we use include: after-tax profit margin for U.S. Group Benefits, assets under administration (in SLC Management), assets under management ("AUM"), AUM not yet earning fees, capital raising, cash and other liquid assets, measures based on a currency adjusted basis, CSM movement analysis (organic CSM movement, impact of new insurance business on CSM, expected movements from asset returns & locked-in rates, impact of markets & other, insurance experience gains/losses, impact of change in assumptions, CSM market sensitivities), deployment, drivers of earnings, earnings on surplus, experience-related items attributable to reported net income and underlying net income, fee-earning AUM, fee-related earnings and operating income, financial leverage ratio, impacts of foreign exchange translation, LICAT market sensitivities, organic capital generation, pre-tax fee-related earnings margin, return on equity, sales and flows, third-party AUM, total weighted premium income ("TWPI"), underlying dividend payout ratio, underlying EPS (diluted), and effective income tax rate on an underlying net income basis.

#### Use of Names and Logos of Third Parties

Names and logos of third parties are used for identification purposes and do not imply any relationship with, or endorsement by, them. Third party trade-marks are the property of their respective owners.

#### Footnotes

#### From slide 3

<sup>2</sup> Business Mix based on underlying net income, excluding Corporate expenses and other. Wealth & asset management includes MFS Investment Management, SLC Management, Canada Individual Wealth, Group Retirement Services, Asia Wealth & asset management. Group – Health & Protection includes Canada Sun Life Health, U.S. Group Benefits (Employee Benefits and Health and Risk Solutions) and U.S. Dental. Individual – Protection includes Canada Individual Insurance, U.S. In-force Management and Asia Individual – Protection.

<sup>3</sup> As of December 31, 2024.

<sup>4</sup> Rounded to the nearest million.

<sup>5</sup> Rounded to the nearest hundred. Represents full-time equivalent employees, temporary employees and employees in Asia joint ventures.

<sup>6</sup> Rounded to the nearest hundred.

7 C\$ as at December 31, 2024.

### From slide 8

<sup>4</sup> 2022 results have been restated for the adoption of IFRS 17 and the related IFRS 9 classification overlay ("the new standards"). The restated results may not be fully representative of our future earnings profile, as we were not managing our asset and liability portfolios under the new standards. The majority of the actions taken to re-balance asset portfolios and transition asset-liability management execution to an IFRS 17 basis occurred in Q1'23. Accordingly, analysis based on 2022 comparative results may not necessarily be indicative of future trends, and should be interpreted with this context.

<sup>5</sup> Underlying EPS growth is calculated using a two-year compound annual growth rate. Underlying ROE and dividend payout ratio are calculated using a three-year average of 2022-2024.

<sup>6</sup> Source: Bloomberg. Peer Groups: <u>Canadian Lifecos</u> – Manulife Financial Corporation, Great-West Life, and Industrial Alliance. <u>Global Lifecos</u> – AXA SA, Prudential PLC, Allianz SE, Aviva PLC, Assicurazioni Generali SpA, AIA Group Ltd., China Life Insurance Co. Ltd, China Pacific Insurance Company and Ping An Insurance Group. <u>U.S. Lifecos</u> – Hartford Financial Services Group, Lincoln National Corporation, MetLife Inc., Principal Financial Group, Inc., Prudential Financial, Inc., Unum Group, and Voya. <u>Traditional Asset Managers</u> – T Rowe Price, Franklin Resources, AllianceBernstein, Ameriprise Financial, BlackRock, Janus Henderson, and Invesco. <u>Canadian Banks</u> – RBC, TD, Scotiabank, BMO, CIBC, and National Bank.

#### From slide 12

<sup>2</sup> All EPS measures refer to fully diluted EPS, unless otherwise stated.

<sup>3</sup> Tangible underlying ROE is calculated as underlying net income (loss) per share divided by the weighted average tangible book value per share. The quarterly ROE is annualized. Refer to the definition of Tangible book value per share in the Additional Non-IFRS Financial Measures Glossary of our Supplementary Financial Information for the period ended December 31, 2024.

<sup>4</sup> Impact of new insurance business on CSM, also referred to as "new business CSM", represents growth from sales activity in the period, including individual protection sales (excluding joint ventures), and defined benefit solutions and segregated fund wealth sales in Canada.

<sup>5</sup> LICAT ratio of Sun Life Financial Incorporated and of Sun Life Assurance Company of Canada ("SLA"). Our LICAT ratios are calculated in accordance with the OSFI-mandated guideline, Life Insurance Capital Adequacy Test.

<sup>6</sup> SLA is SLF Inc.'s principal operating life insurance subsidiary.

<sup>7</sup> Organic capital generation measures the change in capital, net of dividends, above LICAT requirements excluding the impacts of markets and other non-recurring items.

<sup>8</sup> Cash and other liquid assets at SLF Inc. and its wholly owned holding companies.

#### From slide 14

<sup>2</sup> MFS pre-tax gross operating margin was 36.5% in Q4 2024 and 35.2% in Q4 2023.

<sup>3</sup> Based on a trailing 12-month basis.

<sup>4</sup> Does not include the General Account. SLC total AUM including the General Account was \$409 billion at December 31, 2024.

### From slide 15

<sup>2</sup> Includes: Total Return, High Grade, Municipal, and Other.

<sup>3</sup> 2023 McKinsey Performance Lens Global Asset Management Survey, consisting of ~250 participants worldwide and representing more than 60% of Global AUM, ranks MFS pre-tax margin in the top 17<sup>th</sup> percentile.

#### Footnotes continued

#### From slide 16

<sup>2</sup> Does not include the General Account. SLC total AUM including the General Account was \$409 billion at December 31, 2024.

<sup>3</sup> This does not include the \$15.9B of assets under administration, distributed mostly by Advisors Asset Management Inc.

#### From slide 18

<sup>2</sup> Total number of Clients served, including Dialogue, Canadian Dental Care Plan members and dependents.

<sup>3</sup> Total SLGI AUM is \$41.0 billion at December 31, 2024. A portion of SLGI AUM related to the GRS business is included in the Total GRS AUM.

<sup>4</sup> FY2024 net premiums, which include gross insurance and annuity premiums adjusted for unearned premiums, experience-rated refund premiums, premium taxes and associated ceded amounts.

### From slide 31

<sup>1</sup> Represents the respective change across all equity exposures as at December 31, 2024 and December 31, 2023. Due to the impact of active management, basis risk, and other factors, realized sensitivities may differ significantly from expectations. Sensitivities include the impact of re-balancing equity hedges for hedging programs at 2% intervals (for 10% changes in equity markets) and at 5% intervals (for 25% changes in equity markets).

<sup>2</sup> The market risk sensitivities include the estimated impact of our hedging programs in effect as at December 31, 2024 and December 31, 2023, and include new business added and product changes implemented prior to such dates.

<sup>3</sup> Net income, CSM and OCI sensitivities have been rounded in increments of \$25 million. The sensitivities exclude the market impacts on the income from our joint ventures in China and India.

<sup>4</sup> The LICAT sensitivities illustrate the impact on SLF Inc. as at December 31, 2024 and December 31, 2023. LICAT ratios are rounded in increments of 0.5%.

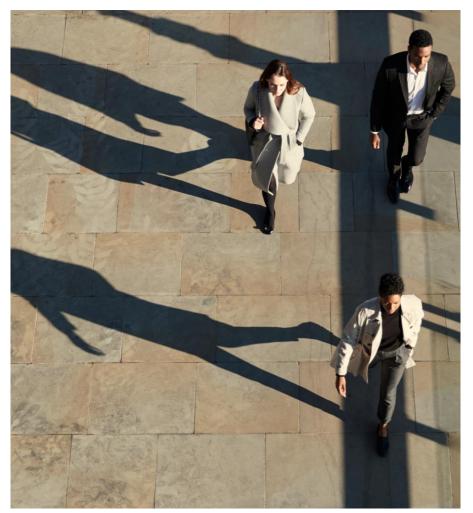

<sup>5</sup> Interest rate sensitivities assume a parallel shift in assumed interest rates across the entire yield curve as at December 31, 2024 and December 31, 2023 with no change to the ultimate risk-free rate. Variations in realized yields based on factors such as different terms to maturity and geographies may result in realized sensitivities being significantly different from those illustrated on the slide. Sensitivities include the impact of re-balancing interest rate hedges for hedging programs at 10 basis point intervals (for 50 basis point changes in interest rates).

<sup>6</sup> The market risk OCI sensitivities exclude the impact of changes in the defined benefit obligations and plan assets.

<sup>7</sup> The LICAT sensitivities illustrate the impact on SLF Inc. as at December 31, 2024 and December 31, 2023. The sensitivities reflect the worst scenario as of December 31, 2024 and assume that a scenario switch does not occur in the quarter. LICAT ratios are rounded in increments of 0.5%.

<sup>8</sup> The credit spread sensitivities assume a parallel shift in the indicated spreads across the entire term structure with no change to the ultimate liquidity premium. The sensitivities reflect a floor of zero on credit spreads where the spreads are not currently negative. Variations in realized spread changes based on different terms to maturity, geographies, asset classes and derivative types, underlying interest rate movements, and ratings may result in realized sensitivities being significantly different from those provided on the slide.

<sup>9</sup> The swap spread sensitivities assume a parallel shift in the indicated spreads across the entire term structure. Variations in realized spread changes based on different terms to maturity, geographies, asset classes and derivative types, underlying interest rate movements, and ratings may result in realized sensitivities being significantly different from those provided on the slide.
